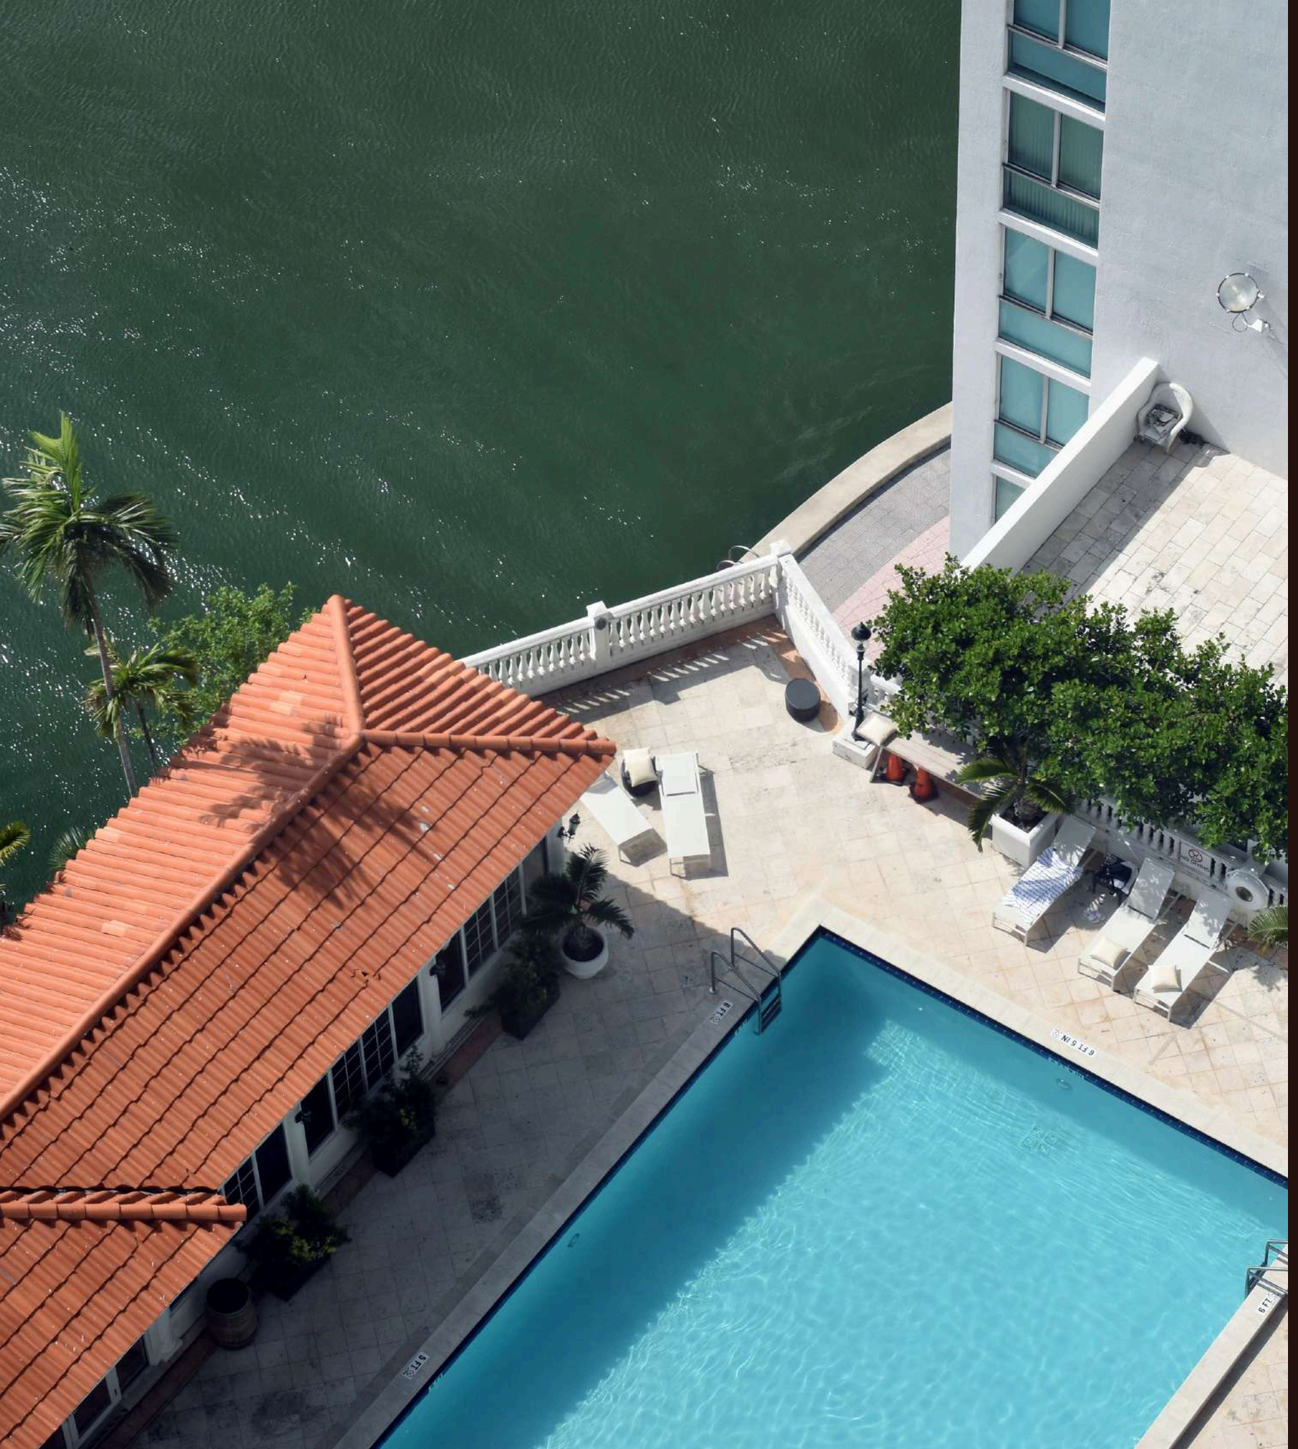
HOTEL PRESENTATION



Welcome To Our Hotel

About ITC HOTELS

Founded in 1975, ITC Hotels has grown into a leading hospitality group with over 140 hotels in 90+ destinations across India—along with a presence in Sri Lanka.

ITC Hotels operates under six distinct brands, catering to a wide spectrum of guest experiences.

Why Choose Us?

Hotel advantages 01

ITC Hotels History

1970s : The Beginning

1975 – ITC Limited (then "Imperial Tobacco Company of India Ltd.") diversified into hospitality.

First property : ITC-Welcomgroup Hotel Chola in Chennai (now Welcomhotel by ITC Hotels, Cathedral Road).

Sustainability Focus (2000s) :

ITC Hotels pioneered the concept of Responsible Luxury—a balance of opulence with environmental sustainability.

Many ITC Hotels were among the first in the world to be LEED® Platinum certified for eco-friendly operations.

key Insights

Strong Revenue Performance

- Total revenue generated: ₹2.01 bn
- MoM Growth: 50.29%
- WoW Growth: 1391% (sharp rise in weekly performance).

Room Class Contribution

- Elite Rooms contribute the highest revenue (₹658.95M, 32.79%) followed by Premium Rooms (₹543.60M, 27.05%).
- Standard Rooms generate the least revenue (₹363.55M, 18.12%).

Revenue per Room Metrics

- RevPAR (Revenue per Available Room): ₹8.63K
- ADR (Average Daily Rate): ₹14.92K

Property-wise Performance

- ITC Exotica and ITC Palace are the top revenue-generating properties with ₹374.71M and ₹357.90M respectively.
- ITC Grands has the lowest contribution (₹248.75M).

City-wise Revenue Generation

- Mumbai dominates with ₹0.56 bn, followed by Delhi (₹0.35 bn) and Bangalore (₹0.31 bn).
- Tier-2 cities like Agra, Pune, and Goa contribute relatively smaller shares.

Room Class

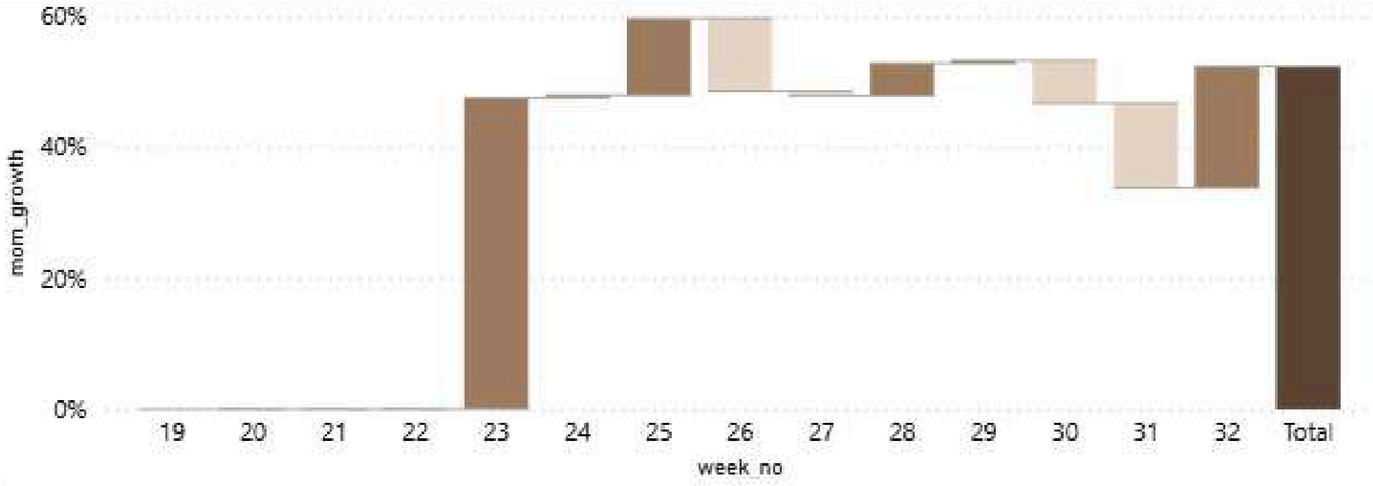
May | July | June

Mom Growth By Week_No



key Insights

Top Performing Room Class

- Elite room class is the top revenue generator, contributing ₹658.95M (32.82%) of total revenue.

MoM Growth by Week

- Strong positive growth seen around weeks 23–25.
- Followed by declines in weeks 30–32, indicating possible seasonal or demand fluctuations.

Revenue by Booking Lead Time

- Higher revenue comes from shorter lead times (0–7 days before check-in).
- Longer lead times (20+ days) generate significantly lower revenue, suggesting:
  - Guests booking Elite rooms prefer last-minute reservations.

Strategic Implications

- Focus on marketing Elite rooms as they are top earners.
- Address MoM decline with targeted promotions in June/July.
- Explore dynamic pricing or loyalty benefits for early bookings to boost long-lead revenue.

Total	**24.96%**	**24.88%**	**24.44%**	**24.79%**	**24.83%**

key Insights

Cancellation Rate Overview

- Overall Cancellation Rate: 24.83%
- MoM Cancellation Rate Change: -0.75% (slight improvement)
- WoW Cancellation Rate Change: +2.14% (recent uptick in weekly cancellations)

Lost Revenue by Booking Lead Time

- Most lost revenue occurs when the booking-to-check-in gap is short (0–5 days).
- This indicates:
  - Last-minute bookings are more likely to cancel.
  - Over ₹50M lost from bookings made within 1–2 days of check-in.

Strategic Takeaways

- Implement stricter cancellation policies for bookings made within 0–5 days of check-in.
- Monitor weeks 24–28 closely in future months — high-risk for cancellations.
- Consider offering incentives for early bookings to reduce short-window cancellations.

RECOMMENDATIONS

OVERALL STRATEGIC RECOMMENDATIONS

REVENUE GROWTH:

Double down on Elite & Premium rooms and high-performing cities.

OCCUPANCY BOOST:

Use dynamic pricing and segment-specific offers (e.g., business weekdays, leisure weekends).

CUSTOMER RETENTION:

Encourage longer stays and reduce cancellations through better policies and pre-stay engagement.

OPERATIONAL EFFICIENCY:

Improve forecasting by analyzing booking lead times and cancellation patterns.
